

## *Vision Pro*<sup>TM</sup> Personal Pendant Transmitters

Select the transmitter that best fits your requirements. Personal Pendant Transmitters are available with one, two or four buttons, and include a neck cord or belt clip. Water resistant models have a neck cord and belt clip, offer one or two buttons and have an optional wrist strap available. Any of our transmitters can be used on all of our *Vision* Series Wireless Emergency Call Systems. Just one more example of the Systems Technologies customer first philosophy.
